Invisible Protector Component B (100 ml)

Increases stain resistance for Invisible Protector

Adding the Invisible Protector Component B to the Invisible Protector will make the surface even stronger. This is mostly recommended for public spaces, countertops in bathrooms and kitchens, food trays and other stain-sensitive surfaces, since the B component increases stain resistance. The B component is also compliant with the certificates obtained.

PRODUCT INFORMATION

APPLICATION INFORMATION

› **Instructions**

When applying a third layer you can add 10% Invisible Protector Component B to the product to make the surface even stronger. Stir well until a homogeneous mixture is obtained.

Check the packaging and the safety data sheet for more details.
